

ICOM IC-M330GE Top Performance Ultra Compact, Waterproof, VHF Marine Mobile Transceiver

Brand: iCom
Product Code: 330ge
Call for Price: 07 3277 0237

Description

The IC-M330 (black or white colour options available) with its ultra-compact body (156.5 (w) x 66.5 (H) x 110.1 (D) mm) is the ideal Marine transceiver where size is at a premium in the vessel.

Key features of this unit are:

- **Intuitive User Interface**
A combination of the directional keypad and soft keys provides simple, smooth operation. Most used functions are assigned to soft keys for quick one push function access.
- **New Speaker delivers Dynamic, clear audio**
A new speaker design delivers dynamic and clear sound over a wide bass and treble range. The IC-M330/G provides a distortion-free clear audio even at full volume.
- **Class leading receiver performance**
The radio provides reliable communication in RF busy environment like a marina. (Selectivity and IMD: more than 70 dB).
- **Built in Class D DSC**

The IC-M330 radio monitors CH 70 continuously, even while you are receiving another channel. DSC functions include: distress, individual, group, all ships, urgency, safety, position request/report, polling request and DSC test calls.

- **GPS Receiver Built-in**

A built-in GPS receiver provides your location, bearing and speed by using information from GPS, GLONASS and SBAS. The acquired position information can be used for DSC calls.

As well as:

- Easy-to-Read Full Dot-Matrix Display
- AquaQuake™ Draining Function
- IPX7 Waterproof Construction (1m depth for 30 minutes)
- Made in Japan Quality and Reliability
