

Cel-Fi GO Telstra Building Pack inc. Pulse Ultrathin Clear

Brand: Cel-Fi
Product Code: RPR-CF-00119
Call for Price: 07 3277 0237

Description

Cel-Fi GO Repeater has been tested, authorised and approved by Telstra for use on the Telstra Mobile Network

The Cel-Fi GO for Telstra Smart Repeater is the ideal product to boost and distribute a 3G/4G mobile signal within a building. Supporting voice and mobile internet for multiple mobile devices, boosting your indoor mobile coverage has never been easier.

This pack comes with the industry leading -155 dBc PIM compliant DAS antenna. This features an ultra-thin, see-through design allows the product to be nearly invisible when mounted, yet provides industry leading increases for in-building coverage and capacity. The antenna housing's translucent design makes it ideal for deployment in hotels, convention centres and other venues where aesthetics are of primary importance.

The Pulse Clarity Series DAS in-building low PIM omni antenna meets the most demanding PIM requirements for 2G, 3G, 4G (LTE) and WiFi bands.
